Reflection

This talk has fueled our motivation to excel in Technology and Information Systems studies, inspired by the success stories of UTM Alumni. Armed with valuable insights into the tasks, roles, and technologies within the ICT field, we are determined to approach internships and work with a refined mindset. The speakers' advice, including starting small, networking, and building a strong foundation, enhances our readiness for success in pursuing ICT careers.

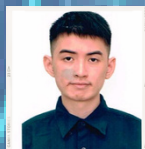

Executive Summary

Clarity Techworks, a prominent Fintech company in Singapore and Malaysia, specializes in Fintech Solutions, Blockchain Technologies, Cybersecurity, and Cloud Solutions, with Rapidz Pay and Rapidz Merchant Portal as their flagship products. During their presentation, Clarity Techworks staff outlined their roles, work processes, and the technologies they employ, emphasizing distinctions between internship and work life. The valuable advice provided on proficiency, mindset, and ICT career paths will guide UTM students toward success.
